

SYLLABUS

Teacher					
Course	Internship				
Module	Compulsory course	ECTS	4/4/4	Course code	21SM.P.L.C.1 21SM.P.L.C.4 21SM.P.L.C.5

Major	Speciality	Academic year
LOGISTICS	Industrial systems engineering	2021/2022 2022/2023
Semester	Second/Third/Fourth	Year of studies
		First/Second

Type of studies	Full-time				Extramural			
Type of classes	Lecture	Exercise	Laboratories	Internship	Lecture	Exercise	Laboratories	Project
Amount of hours				120/120/120				
TOTAL	360							

Course objectives	Confrontation of knowledge, skills and competencies obtained during the studies with real economy process
-------------------	---

Minimum knowledge required from the student before the classes beginning
Basic knowledge of OSH, management and processes taking place in the industry of specialization

Recommended literature to study before the classes beginning
none

LEARNING OUTCOMES			KEK	METHODS OF ASSESSMENT	
KNOWLEDGE	K01	Student is able to integrate and apply theoretical knowledge and skills developed in a business organization	K2_W11_L_P	EM11	Report evaluation
	K02				
	K03				
	K04				
	K05				
SKILLS	S01	Student communicates a practical understanding of how business actually operates in the meaning of organizing and managing	K2_U02_L_P	EM11	Report evaluation
	S02	Student is able to cooperate in professional environment and demonstrate work ethic, playing different roles in a work-based environment	K2_U13_L_P	EM11	Report evaluation
	S03				
	S04				
SOCIAL COMPETENCE	SC01	Student is able to identify and solve problems related to the profession, as also has awareness to behave in a professional manner	K2_K02_L_P	EM11	Report evaluation
	SC02				
	SC03				
	SC04				

Course contents	Lecture	
	Exercises	
	Laboratories	The content may be different, depending on company, in which the internship is carried out, but must be consistent with learning outcomes dedicated to internship in the field of Logistics
	Projects	

Teaching methods		The employer in the company, where the internship is carried out, is deciding about teaching methods. Necessary condition is the realization of internship program concluded in learning outcomes

Obligatory literature	1	If it's necessary - the employer will provide the literature
	2	
	3	

Additional literature	1	none
	2	
	3	

Requirements to pass the course		
Submitting confirmed documents at Rector's Representative within a specified deadline: report and other necessary documents mentioned in the regulations, which are different according to chosen path of internship. The main criteria to pass the internship is correspondence of tasks carried out during the internship with the field of study, as also learning outcomes should be covered with described ones in report.
